Chemical Safety & Climate Change Resiliency Training

Through a grant from the US Environmental Protection Agency, Northern Middlesex Council of Governments (NMCOG), the Greater Lowell Regional Emergency Planning Committee (GLREPC), and the Massachusetts Office of Technical Assistance (OTA) are hosting a training to help your business assess vulnerabilities and prevent severe weather-related chemical accidents by incorporating hazardous materials/toxics use reduction into emergency preparedness plans. Come to this training to learn about developing tools and models to improve safety for your workers and the community while reducing liability.

March 1, 2018

8:30AM – 11:30AM

UMass Lowell Inn & Conference Center

50 Warren St., Lowell, MA 01852

Please take a moment to fill out our pre-training survey
