NORTH SHORE/MERRIMACK VALLEY FLOODPLAIN MANAGEMENT WORKSHOP

Thursday, October 10, 2019

1:00 pm – 4:00 pm

Tewksbury Library Meeting Room
300 Chandler St, Tewksbury, MA

Learn what the National Flood Insurance Program (NFIP) requires of municipalities (“**Floodplain 101**”), and information such as:

- What’s new with **NFIP Maps**, current FEMA map work in the region, & dealing with Letters of Map Change;
- The role **Flood Insurance** in your community, the importance of elevation certificates, & current insurance rating vs. the new “Risk Rating 2.0”;
- An overview of state **Floodplain Regulations** including the building code, Wetlands Protection Act, Title V, & FEMA’s Community Rating System;
- Floodplain Mitigation**, such as State Hazard Mitigation & Climate Adaptation Plan, local planning efforts (e.g., MVP), & mitigation grants/other funding opportunities.

Who’s presenting:

Joy Duperault, *Director, Flood Hazard Management Program, MA Department of Conservation and Recreation (DCR)*; Eric Carlson, *Assistant Director, Flood Hazard Management Program, MA DCR*; Marybeth Groff, *Hazard Mitigation & Climate Adaptation Coordinator, MA Emergency Management Agency*; Joe Rossi, *Chair & Executive Director, Massachusetts Coastal Coalition*.

Also invited: MVP Program Northeast Regional Coordinator, MA Executive Office of Energy & Environmental Affairs.
