

Attachment C

Vision Zero Goals

Vision Zero:

Advances one of the 16 projects identified in the Greater Lowell Vision Zero Plan priority network (see pg 116-117 at nmcog.org/glvzplan)

Advances one of the 20 Road Safety Audits identified in the Greater Lowell Vision Zero Plan (see page 118-119 at nmcog.org/glvzplan)

Advances the policies identified in the Greater Lowell Vision Zero Plan, specifically:

- Strategy 1.2: Development of tools contributing to a Regional Safety Tool Kit
- Strategy 1.3: Local public awareness safety campaigns
- Strategy 1.5: Adoption of policies to reduce local speed limits
- Strategy 2.4: Assistance with applications for funding for safety audits and other safety measures
- Strategy 3.2: Transportation and/or land use planning to improve safety on or adjacent to locations identified in the Greater Lowell Vision Zero priority network
- Strategy 3.3: Planning studies focused on safety improvements in underinvested neighborhoods in the Greater Lowell region
- Strategy 3.4: Technical assistance with demonstration projects and tactical improvements in locations within the priority network
- Strategy 4.1: Development and implementation of training programs on local safety improvements and policies
- Strategy 4.2: Planning and related studies of access to local transit to increase mode shift away from single occupancy vehicles
- Strategy 4.4: Facilitation of outreach and engagement to local nonprofits, schools, universities, and other partners to advance local safety goals.
